Action Plan

- Small, incremental steps
- Begin to test new relationship
- Everyone takes small step together
- Next 30 days (or other time frame)
- Everyone must commit to something
- 1-hour over next 30 days
- Accountability & trust grows

Action Plan

Elements of an SD Action Plan

- **Task:** Specific action item
- **Deliverable:** What is given to the team?
- **Deadline:** Specific date

Guiding questions

1. When, where, and how will we get together the next time (in about 30 days)?
2. What have we learned over the last 30 days?
3. Did anything that needed to be done over last 30 days **NOT** get done? If not, does it still need to be done? If so, how will we do it?
4. Does our proposed course forward still make sense? Do we need to adjust?
5. What will each of us do over the next 30 days to keep moving this effort forward?

Closing the triangle

Jeremy, meet Devon. I'm introducing you to one another because I think you might have some common interests and could benefit from meeting.

Jeremy works on helping groups develop collaborative strategies.

I met Devon last week at a conference. Devon is looking to expand the field of team science and collaborative research at her university.

I think the two of you would have an interesting conversation about your mutual interests and experience. I'll leave it to you to connect further.
